Mayor & Council –

I made a mistake even in the correction, please see below in bold and red.

Unfortunately, I can't answer this question positively. I've only found where Council approved a Purchase Authorization on 10/5/2018 in the amount of: \$37,822. I'm hoping that there may be historical information that I'm missing that would show approvals from the Council over the \$37,822, but I'm coming up short. I have no evidence that between **10/5/2018** (I've changed this from my reply to Councilor Key, it previously read: 10/5/2022) and my arrival on 1/6/2020 of additional requests for Task Order #3 being brought to the Council for approval. I can certify that I haven't brought forward requests for additional funding specific to Task Order #3 since my arrival. However, I have brought other requests and task orders to the Council from Parsons Engineering.

Mayor & Council,

In an effort to keep all Council Members fully-informed, and when I believe that an answer to a question from one Council Member may benefit the body as a whole, I send it to all Council members.

Subject: RE: Jarboe Park Spreadsheets

Importance: High

Hi Councilor Key,

To clarify, the spreadsheet that you're referring to is: Jarboe Park FY 20-25 Original CIP Budgets and Estimates. This document only looks like it was part of the CIP and included in the budget, but it was and is not. This is a document put together by staff to show the approvals made for changes to the cost of the park, but it isn't accurate to how the budgeting process works.

I see on the spreadsheet here that \$1,243,088 was originally budgeted and approved by council for Phase 1a. What date/s did council approve?

I answered a version of this question during the Monday evening council meeting. The Council approved an amended Better Jacksonville ½ Sales Tax budget adjustment to: \$596,288 on September 8th, 2020. This amount brought the FY-2020 approved budget amount for Jarboe Park to a total of: \$893,088. However, because we didn't get under contract and encumber funds for FY-2020, the funds allocated in September should have been re-allocated and added to the \$350,000 budgeted for FY-2021 in the Jarboe Park CIP fund. Adding both fiscal years together was missed during the process and because of that, the Council will need to approve a budget adjustment before November of this year for FY-2021, specifically for the Jarboe Park CIP. The Revenue used to fund the Jarboe Park CIP came from a combination of donations, grants, Better Jacksonville ½ cent sales tax, and the Local Option Gas Tax. All of these funds are not use it or lose it. Meaning that any excess revenue can be held as a surplus until needed or used for other qualifying projects.

That being said, the Council will need to make a budget adjustment after the work at the Park is completed. Since a General Contractor wasn't used, the City realized a cost savings, but created more work for staff to do throughout the construction of the park. Admittedly, Staff's time administering and performing work on the park hasn't been tracked. As I've said before, in the future, I would much rather prefer seeking RFPs for projects of this magnitude as a whole, including general construction administration services.

What exactly is the project scope for Phase 1a?

-
The project scope for Phase 1a is confusing because the actual project combines elements identified by Parsons Engineering from Phase 1a, Phase 1b, and Phase 1c. For purposes of this question and for public consumption, I've asked staff to call it: Phase 1.

Phase 1 includes:

- *Trails, Bridge & Bridge Relocation* (\$321,192.48, contract with ACON)
 - *Site Work* (Ponds, Courts and Playgrounds, included with contract from ACON)
- *ADA Parking* (2 spaces on Florida Blvd. \$12,000 for materials, work performed by City Employees)
- *Playgrounds* (\$288,651.83, contract with Kompan)
- *Courts, lighting & fencing* (Only \$385,000 anticipated cost, final bid: \$498,775, contract with Court Surfaces)

- *Multi-Use Field & Landscaping* (we've taken sod and grass seed from this, and with all of the plants specified by Pitman Landscaping, this most likely will cost more, especially if the COJ tree mitigation fund doesn't assist with shade/hardwood trees)
- *Furnishings* (This is part of Phase 1, but will not be completed during FY-2021, and will need to be budgeted in FY-2022)
- *Pavilion* (Removed from the scope of work for the Ball Courts, and will not be completed in FY-2021, and will need to be budgeted in FY-2022)
- *Stormwater Improvements* (Parsons Engineering designed work to 'sheet flow' into the existing ponds, however, the water would go through the playground, which sits in a bowl. Public Works corrected the design to include storm inlets, piping and outfalls and because of that incurred a cost through the stormwater fund)

As of right now, if all of the existing contracts and current purchase authorizations are paid out in full, the FY20 & FY21 combined budgets for the Jarboe Park CIP would have a balance remaining of: \$9,309.96. This number includes the anticipated \$200,000 reimbursement for the Recreational Trails Program Grant.

FY-2020 Jarboe Park CIP = Recreational Trails Program Grant (FDEP) of: \$200,000 + Eckstein Foundation Grant (Donation) of: \$30,000 + Donations of: \$21,800 + Local Option Gas of: \$32,500 + Better Jacksonville ½ Cent Sales tax of: \$608,788 = \$893,088.

FY-2020 (approved on 9/8/2020): \$893,088 + FY-2021: \$350,000 = \$1,243,088.

\$1,243,088 – ACON (with CO #1) of: \$321,192.48 = \$921,895.52

\$921,895.52 – Kompan (with CO #1) of: \$288,651.83 = \$633,243.69

\$633,243.69 – J.B. Coxwell (400 loads of dirt) of: \$73,500 = \$559,743.69 (a small portion benefits storm water and will be paid out of stormwater utility)

\$559,743.69 – Court Surfaces (Ball Courts) of: \$498,775.00 = \$60,968.69

\$60,968.69 – Ghiotto (Surveying/Staking for elevations) of: \$12,000 = \$48,968.69 (actual current billing: \$11,047.50)

\$48,968.69 – Ghiotto (Updated Boundary Survey required by FDEP for Grant) of: \$4,045 = \$44,923.69

\$44,923.69 – Limbaugh Electric (Relocation of Electric Pedestal) of: \$2,500 = \$42,423.69

\$42,423.69 – Allen's Culverts (Stormwater Pipe for drainage) of: \$4,430 = \$37,993.69 (paid out of stormwater utility)

\$37,993.69 – Belcorp (Sod and Hydroseed, grass seed) of: \$7,500 = \$30,493.69 (actual current billing: \$1,866.66)

\$30,493.69 – Oldcastle (Stormwater inlets, culverts, and outfalls) of: \$7,628.00 = \$22,865.69

\$22,865.69 – City Demolition (dumpsters, misc. concrete, etc.) of: \$13,555.73 = \$9,309.96 (Current as of 3/12/2021)

-

Do we have a list of all Phases and what is included in each phase?

Yes, all estimated work for Phases 1 (1a, 1b, and 1c), 2, and 3 are included with the Parsons Engineering spreadsheet, "JarboePark_QTQ_Estimate."

Also, how much have we been billed by Parsons to date for any work done at Jarboe?

Parsons Engineering has billed the City a total of: \$141,397.87 for Task Order #3 which is specific to Jarboe Park. This design work goes back to a Purchase Authorization approved on: 10/5/2018 for \$37,822.00, of which the first two invoices exceeded the purchase authorization amount. This amount is accurate as of 9/16/2020. Since I've been here, the City approved a total of: \$13,322.28 for Task Order #3. **Please see the attached spreadsheet with the breakdown of Parsons Engineering's bills specific to Task Order #3.**

-
How much has been approved by council to pay?

Unfortunately, I can't answer this question positively. I've only found where Council approved a Purchase Authorization on 10/5/2018 in the amount of: \$37,822. I'm hoping that there may be historical information that I'm missing that would show approvals from the Council over the \$37,822, but I'm coming up short.
